

OVERVIEW 22kW Floor Saw

- Max. cutting depth 500 mm
Motor output: 15/22 kW (switchable)
hinged blade guard for cuts directly to the wall and edges

DESCRIPTION

- hinged blade guard for cuts directly to the wall and edges
- amperage switchable between 32 and 63 A
- drive of cutting shaft to be operated sep. for displacing the machine on the job site
- saw blade mounting right or left
- supply of cooling water via blade guard
- adjustable rear axle for an optimal straight cut
- lifting of saw blade in case of emergency by hydraulic manual pump
- scope of delivery: 2 blade guards (Ø 800 mm and 1200 mm)
- assembly set for water pump available

SPECIFICATION

max. cutting depth (mm)	500
bore hole (mm)	35

blade to	1200
blade of	800
motor output (kW)	15/ 22 switchable
feed	hydrostatic
protection class	IP54
max. mounting width (mm)	5
saw blade mounting (lateral)	right or left
cutting depth adjustment	electro-hydraulics
length (mm)	1700
width (mm)	750
height (mm)	1200
weight (kg)	580
amperage (A)	32/ 63 switchable
voltage (V/Hz)	400/50
